

Pulcir, INCORPORATED

Capability Statement

GSA Contract
#GS-07-0360W

SAM.GOV registered
Tax ID 62-0787916
DUNS 07-490-0226
Cage Code 1S941
Accept Credit Cards Yes

NAICS

334519 Measuring & Controlling Device
333415 Commercial & Industrial Refrigeration Equipment
423490 Professional Equipment & Supplies
423450 Medical, Dental, Hospital Equipment & Supplies
339112 Surgical & Medical Instruments
423690 Other Electronic Equipment

Core Competencies

Pulcir, Inc. is a distributor of scientific and medical products and equipment to hospitals, VA Medical Centers, National Laboratories, the US military, Homeland Security, governmental research agencies, and research institutions. We have been in business for over 50 years.

Our Niche

- Laboratory and medical-grade refrigerators and freezers, ultra-low temp freezers
- Radiation detection & identification systems
- Gamma counters, gamma probes & microplate readers
- Bubble neutron detectors and neutron spectroscopy
- Nuclear medicine and medical imaging
- Dose calibrators and wipe test counters, thyroid uptake system
- Lead barriers & cabinets, shielded storage/waste containers

Differentiators

- 100% veteran owned small business
- Fast, personalized service from staff of dedicated professionals
- Charge less for shipping by negotiating price discounts with shipping companies
- Long history of meeting needs in nuclear medicine, laboratories / pharmacies, military and Homeland Security

Past Performance

- Typical order size is \$5,000 - \$55,000
- Have accepted orders as small as \$50 and as large as \$4,000,000
- Servicing several branches of the Federal Government, for example:

VAMC	\$163k	lead cabinets	Patrick AFB	\$34k	Lead Decay Cabinets
VAMC	\$22k	Thyroid Uptake System	US Army	\$4 mil	Ultracold freezers
US Coast Guard	\$3 mil	Radiation Sources	Tripler Army Medical Center	\$41k	Medical Refrigerator(s) / Freezer(s)
NIH	\$42k	Laboratory Refrigerator(s) & Freezer(s)	Naval Medical Ctr San Diego	\$55k	lead cabinets
US Army	\$215k	Neutron Spectroscopy System	VAMC	\$3k	Clear Lead Barrier
VAMC	\$20k	Medical Refrigerators	Indian Health	\$9k	Medical Refrigerators

Description of our Manufacturing Partners

American BioTech Supply – Pharmacy and Laboratory Refrigerators and Freezers

Arrow-Tech – Direct Reading Dosimeters, Electronic Alarming Personal Dosimeters, Survey Meters

Berkeley Nucleonics - Backpack Radiation Detection and Isotope Identification and Handheld Isotope Identification

Biodex Medical Systems – Complete Nuclear Medicine, Medical Imaging and Radiation Safety Products

Bubble Technology – Bubble Neutron Detectors, Neutron Spectroscopy Systems

Care Wise Medical Products – Gamma Probe System

CSI/Jewett – Hospital Morgue, Autopsy and Laboratory Equipment

LabLogic – Radiation Detectors and Probes, Contamination Monitors, Dose Rate Meters, Personal Electronic Dosimeters. Liquid Scintillation Counters, **HIDEX** Microplate Readers, Automatic Gamma Counters. **Triathler** Gamma Counter

Metris Instruments – Infrared Thermometers

Migali Scientific – Pharmacy and Laboratory Refrigerators and Freezers

Sanders Medical Products – PET Calibration Sources

SE International – Pocket Survey Meters, Handheld Radiation Alert Detector, Alarming Dosimeter & Ratemeter

Spectrum Techniques – Radioisotope Disc & Laminate Sources, Educational Physics Instruments

Stirling UltraCold (Global Cooling) – Ultra Low Temperature Medical-Grade Freezers
